NULGC. Our Club.
Founded in 1908, Newcastle-under-Lyme Golf Club has always been based on its present site but, from the original 9 holes, has been extended to the present 18 holes which have been in use since the 1960's. Much of the course is played through mature woodlands and presents a stern test for all degrees of proficiency, in particular - the 15th, our signature hole.
